

Storyline

‘Love at First Hiccup’ is a high school romantic comedy about **freshman** Victor who falls in love with the most charming girl of the school, Anya. She has everything a boy looks for; pretty face, money and lovable nature. But, as every love story has one **villain**, here too is a villain named Peter, who has a fancy car to ride, father’s money to spend, and all those things that girls love. Would Victor be able to charm Anya with the power of his love and **affection**, or Peter’s dollars will win the race for him?
